

## **Group Records**

1C Ho Lai Yan, Amy

Today, five students from 1C tried to get a place in “The 1C Records”. Only two people succeeded. Let’s see who they were.

### **Can you eat slower?**

Jeff Ho is from Hong Kong. His birthday is on 10<sup>th</sup> July 1995. He lives in Fanling and he has seven family members. Thanks to his wide mouth, he always eats very quickly and he can eat a lot of food in a short time.

Jeff’s mouth is seven cm wide. So he can eat a lot of food fast at the same time. He always plays with Louis to see who can eat faster and Jeff always wins. However, Jeff doesn’t like his wide mouth because he thinks his classmates will laugh at him.

### **Please help me to take this, this, this and this.**

Ho Pak Chuen always helps people to get things from high places. Sometimes, he feels tired but he still helps people because no one can do this. Sometimes, his father also asks him to clean the windows of his house because he has long arms.

Each of Ho Pak Chuen’s arms is seventy-five cm long so he can help people to take things from high places. He likes his long arms very much because they are useful. Ho Pak Chuen is from Hong Kong. His birthday is on 18th October 1995. There are four members in his family. They are his father, mother, brother and himself. He hopes his brother will have long arms so he can help to clean the house too.

### **Always No. 1**

Ho Pak Chuen is the one who runs the fastest in Class 1C. Why can he run so fast? It’s because he has the longest legs in the class. Each

of his legs is ninety-nine cm long. Many people had a contest with him to see who could run faster. Amazingly, he always wins. He likes his long legs very much because they can help him do many things, for example, run faster and jump higher.

Finally, I feel that everyone is special. We can set our own records. Just believe in ourselves and we can make things happen. The sky's the limit.
