

# **A Great Day at Ocean Park**

1A Cheng Yi Shan

I was free these few days so I went to Ocean Park yesterday. Let me tell you about my wonderful trip.

I went there with my whole family. We went there by MTR. We arrived there and took a photo at the entrance. We went on a cable car ride first because we thought there would be a lot of tourists later. We saw the fantastic views of Ocean Park. It was really wonderful. We loved it very much.

Then we went to the Headland. We went on rides such as the roller coaster, Raging River, Flying Swing and so forth. After riding the roller coaster, all of us wanted to vomit, as it was too exciting for us. After that, we went on the Raging River. It was great. It was very exciting and refreshing.

At about one o'clock, we went to have our lunch. We felt better because the food was delicious. We went to the Dolphin University and watched the dolphin show. The dolphins were intelligent. The action and the tricks were perfect. They were lovely. I loved the show very much. It was my favourite part of the day.

I thought it was a wonderful day at Ocean Park. It was unforgettable. All of us enjoyed the time. It's really a great place for the whole family.
